The attention of Judge Bartch and a jury was occupied all day with further hearing of the action brought by the Fred Wolf company against the Salt Lake Brewing company to recover \$2,745.60 balance of account for machinery. The defendants allege that the machinery was defective and set up a counter claim for \$11,896. Several witnesses, whose testimony tended to show that the machinery was defective were examined and the jury went to the brewery in the afternoon to inspect the machinery. The case will probably reach the jury late this afternoon.

district, on behalf of W. H. Lowe who alleges that he is unlawfully imprisoned and detained and deprived of his liberty by Andrew Morris, sheriff of Beaver county.

The applicant states that he is imprisoned for unlawfully interfering with the possession of the Neptuce and Mermaid mining ciams in Newton mining district Beaver county; that he was wrongfully convicted as such an offense as "unlawfully interfering with the possession etc" is unknown to the law.

The action was brought before C.E. Norris, J. P. at Beaver and the defendant was found guilty and sentenced to pay a fine of \$25 or go to jail for twenty-five days. From this decision he appealed to the Second district court where the judgement of the court below was sustained and the fine and costs amounting to \$84.10 in xeed up to him in default of payment of which he was sent to jail for eighty-four days.

The clerk of the Third district court has written to the clerk of the court at Becver for the other side to send up their papers in the case so that the matter can be passed upon without bringing Lowe to the city.

The full particulars of this affair were published in the Herald last week.
